

Babe class is within the EYFS learning approach. There are 12 pupils and 3 members of staff who support the Class Teacher. Our pupils range in age from 4-6 years.

This year we will be working on building strong relationships with those around us, whilst focusing on our communication skills. We will be using a total communication approach of signing and symbols, to support understanding and to support interactions.

In Babe class we love sensory play, particularly painting and playing with water. We also love exploring playdough. This year our activities will be based around a number of topics including; sea creatures, safari animals and space.
