

Elsa class is within the EYFS learning approach. There are 12 pupils in class, with 4 adults to support them.

This year, Elsa class will focus on communication, engagement, social interaction and personalised learning targets. We aim to work on these areas by providing a variety of fun and engaging learning opportunities throughout the day.

Our goal is to create an environment where pupils find school a positive, fun and nurturing place to be and for class staff to build trust, rapport and respect with the pupils. The classroom is set up to meet the needs of the pupils and is focused on providing a calming environment where they can feel relaxed and meet their individual sensory needs.

We value outdoor learning and are fortunate to have a large garden which we can access throughout the day, as well as visiting Saplings, the field and the farm throughout the week.
