

Bach class is within the structured learning approach and has 10 pupils, who are supported by a Teacher, a Senior Teaching Assistant and 2 Teaching Assistants. Pupils range from 6 to 10 years old. Some pupils follow the TEACCH approach, while others use the Curiosity Approach. This enables facilitation of some open-ended learning.

Bach class pupils enjoy messy play, structured play and being outside, where they can complete sensory circuits to prepare them for learning. There is lots of child led play. Bach class are continuing to learn how to communicate through individual personalised visuals. This helps pupils to work towards their individual targets, through individual plans. Pupils like to visit soft play, the sensory garden, Saplings and the trim trail.

We are embedding some aspects of Hygge into the learning environment, to create a feeling of 'home from home', which helps pupils to feel safe and warm. The class team are looking forward to helping the pupils grow over the next year.
