

Britten

Britten class is within the Structured learning approach. There are 11 pupils in class. This academic year, we will be focusing on a variety of engaging and exciting activities. We will begin by learning phonics sounds, helping pupils to improve their early reading and speaking skills.

Pupils enjoy in engaging in messy play which is a fun and sensory-rich experience that also supports their creativity. As pupils explore their environment, they will be encouraged to investigate new spaces and objects, promoting curiosity and learning. Another key area is developing fine motor skills, with activities designed to strengthen hand-eye coordination. Building positive peer relationships will be a priority as pupils learn to play, share and communicate with one another.

Britten class plan to go on some exciting trips, to enable pupils to explore the world beyond their classroom. It will be a year full of growth, discovery, and fun!
