# Five Acre Wood School

Anti-terrorism Act 2015

Prevent Duty Risk Assessment

## Introduction

From 1 July 2015 all schools, registered early years childcare providers and registered later years childcare providers (referred to in this advice as 'childcare providers') are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015, in the exercise of their functions, to have

**“due regard to the need to prevent people from being drawn into terrorism”**

This duty is known as the Prevent duty. It applies to a wide range of public-facing bodies. Bodies to which the duty applies must have regard to the statutory guidance. Paragraphs 57-76 of the guidance are concerned specifically with schools and childcare providers. This policy complements the statutory guidance and refers to other relevant guidance and advice.

## Prevent Duty

Section 26, the Prevent duty came into force on the 1st July 2015 and places a duty on specified authorities to have “due regard to the need to prevent people from being drawn into terrorism” and challenge extremist ideas that support or are shared by terrorist groups

Schools are specified authorities for the purpose of the act and the duty applies to ALL schools including organisations covered by the Early Years Foundation year's framework

Schools are expected to take a “Risk based approach”. All schools, as a starting point, should demonstrate an awareness and understanding of the risk of Radicalisation in their area. This risk will vary greatly and can change rapidly; but no school is risk free.

This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related guidance. This includes but is not limited to:

- Keeping Children Safe in Education (KCSIE)
- Working Together to Safeguard Children (WTSC)
- Ofsted: Education Inspection Framework
- Framework for the Assessment of Children in Need and their Families 2000
- [Kent and Medway Safeguarding Children Procedures](#)
- Early Years and Foundation Stage Framework (EYFS)
- The Education Act 2002
- Education and Inspections Act 2006
- The Education (Independent School Standards) Regulations 2014
- The Non-Maintained Special Schools (England) Regulations 2015
- The Human Rights Act 1998
- The Equality Act 2010 (including the Public Sector Equality Duty)

This policy is one of a series in Five Acre Wood Schools' integrated safeguarding portfolio and should be read and actioned in conjunction with the policies as listed below:

- Child Protection Policy
- Behaviour and Physical Interventions
- Searching, screening and confiscation
- Online Safety; Social media and Mobile technology (now part of the Child Protection Policy)
- Anti-Bullying
- Data protection and Information sharing
- Image use
- Child on Child Abuse
- Sexual Violence and Harassment
- Relationship and Sex Education (RSE)
- Personal and intimate care
- Health and safety, including plans for school reopening
- Attendance
- Risk assessments (e.g. school trips, use of technology, school re-opening)
- First aid and accidents
- Managing allegations against staff
- Staff code of conduct
- Staff acceptable Use of Technology Policies (AUP)
- Safer recruitment
- Whistleblowing and low level concerns
- Low level concerns

At Five Acre Wood School we are tasked, not just with teaching children, developing, knowledge and understanding; another major part of our role is to look after and keep children safe, helping them to develop skills and attitudes that help us to live together in an increasingly diverse society.

Safeguarding is about 'keeping all children safe in education' and promoting the welfare of children. It is defined by the UK Government as –

- *protecting children from maltreatment*
- *preventing the impairment of children's mental and physical health or development*
- *ensuring that children grow up in circumstances consistent with the provision of safe and effective care, and*
- *taking action to enable all children to have the best outcomes*

*DfE Keeping Children Safe in Education*

To do this effectively all staff need to know

*'..... the context in which our children live.'*

### **The Prevent duty: what it means for schools and childcare providers**

In order for schools and childcare providers to fulfil the Prevent duty, it is essential that staff are able to identify children who may be vulnerable to radicalisation and know what to do when they are identified. Protecting children from the risk of radicalisation should be seen as part of schools' and childcare providers' wider safeguarding duties and is similar in nature to protecting children from other harms (e.g. drugs, gangs, neglect, sexual exploitation), whether these come from within their

family or are the product of outside influences. Schools and childcare providers can also build pupils' resilience to radicalisation by promoting fundamental British values and enabling them to challenge extremist views.

It is important to emphasise that the Prevent duty is not intended to stop pupils debating controversial issues. On the contrary, schools should provide a safe space in which children, young people and staff can understand the risks associated with terrorism and develop the knowledge and skills to be able to challenge extremist arguments.

### **British Values**

Five Acre Wood School has a duty to 'actively promote' the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs. **We do this through an appropriate and robust curriculum appropriate to pupils' level of need and understanding.**

### **Local Picture**

Prevent is part of CONTEST, one of the four elements of the Government's Counter Terrorism Strategy. The aim of the **Prevent Strategy** is to stop people becoming terrorists or supporting terrorism. Prevent tackles all forms of extremism - including both Islamist extremism and far right threats. This is achieved by challenging terrorist ideology; supporting vulnerable people and supporting sectors and institutions where there are risks of radicalisation.

Kent County Council and Medway Unitary Authority have the lead role in delivering the Prevent Strategy in Kent and Medway in accordance with the **Prevent Duty Guidance** and work with partners such as the Police and Health.

Prevent has three key objectives:

- respond to the ideological challenge of terrorism
- support vulnerable people and prevent people from being drawn into terrorism
- work with key sectors and institutions to address the risks

Prevent is a formal duty for Kent County Council and Medway Unitary Authority under the **Counter Terrorism and Security Act 2015**. We all have a role in protecting vulnerable children, young people and adults from being drawn into terrorism, keeping Kent and Medway safe. Extremism and radicalisation in our community are very real and being aware is the first step. You can help reduce the threat from terrorism, radicalisation, and extremism by **being vigilant**, knowing what to report and reporting it.

Prevent works with individuals and communities by using voluntary early intervention to encourage them to challenge extremist and terrorist ideology and behaviour. This can involve:

- support in schools, youth clubs, and community groups
- promoting positive values and community cohesion
- protection from extremist dialogues
- encourage safe and open debate and critical thinking

- encouraging reporting of concerns
- engage in positive activities
- engaging in open and honest dialogue around prevent

### **What is Channel?**

Channel is a key element of the Prevent Strategy and Local Authority Channel Panels are a statutory requirement under the Counter Terrorism and Security Act 2015. Channel Panel is a multi-agency approach to identify and provide support to individuals who are at risk of being drawn into terrorism, including people holding and expressing violent extremist views. The overall aim of the programme is early intervention and diverting people away from potential risk. Channel involves agencies working together to give individuals access to services such as health and education, specialist mentoring and diversionary activities - Channel can (uniquely) provide theological or ideological mentoring. For those requiring support an appropriate package is offered based on an assessment of their vulnerability.

Unlike mainstream safeguarding for adults and children, there is no threshold to make a Prevent referral for an individual to access assessment and specialist support. There may be cases that require a safeguarding response in conjunction with Prevent. Channel provides early support for anyone who is vulnerable to being drawn into any form of terrorism or supporting terrorist organisations, regardless of age, faith, ethnicity, or background. Individuals can receive support before their vulnerabilities are exploited by those who want them to embrace terrorism, and before they become involved in terrorist -related activity. While it remains rare for children and young people to become involved in terrorist activity, young people from an early age can be exposed to terrorist and extremist influences or prejudiced views. As with other forms of safeguarding strategies, early intervention is always preferable.

### **What is Dovetail?**

Dovetail was introduced as a pilot programme in several areas across the country, including Kent. The pilot assessed the feasibility of transferring the resources and responsibility for administering the programme and case management aspects of Channel from the Police to local authorities. Dovetail has been in place in Kent since 2016 and Medway since late 2020 and continues to be the process by which Channel is managed.

### **How do I report concerns?**

- If you have an immediate concern about the welfare of any persons, then contact the Police by calling 999.
- **Make a referral** (if you have any concerns or are unsure about making a referral then discuss it with your organisation's safeguarding lead/Prevent lead and/or contact the Kent and Medway Prevent Team by emailing [prevent@kent.gov.uk](mailto:prevent@kent.gov.uk))
- Contact the Kent and Medway Prevent Coordinator, Jess Harman by emailing [jess.harman@kent.gov.uk](mailto:jess.harman@kent.gov.uk) or [sally.green2@kent.gov.uk](mailto:sally.green2@kent.gov.uk)
- Contact the police on 101 or 0800 789 321 or complete an [online report form](#)
- **Report online material promoting terrorism or extremism**

Terrorist attacks can sadly lead to spikes in hate crimes against certain groups, and many people in communities across the country are likely to feel vulnerable. Such action is not tolerated, is taken extremely seriously, and should always be reported.
